WHO IS GERARDO GARCIA?

I am a Telematics Engineer at the University of Colima, my work experience revolves around HTML, CSS, React, JS and more recently, React Native.
My professional career started at Bright Coders Academy, with a successful course on React Native. a few weeks after starting work at GMH Real Estate.

EXPERIENCE

FREELANCER ENGINEER IN INTERNET TECHNOLOGIES   2022 - In progress
GMH Real Estate

Implementation of company information on the Monday.com website. Page that will serve the company for better information management and improve its workflow. In addition to understanding and implementing the special characteristics that the entrepreneur needs for the operation of his company.

Certification in React Native   2022 - 2023
BrightCoders

In this company my role was merely educational. Making use of React Native technology for mobile development. The elaboration of 5 different (real) projects was achieved. projects that were being worked on as a team and that helped to improve skills such as "mob programming". In addition to making use of agile methodologies such as: scrum and Kanban.

Administrative   2019 - 2021
Hi-Tech Irrigation

During my time at Hi-tech Irrigation de México, I had the opportunity to work in the area of administration and accounting, which allowed me to develop and hone a wide range of skills required in this field.
As part of my role in the administration area, I was responsible for efficiently managing daily tasks and ensuring the proper functioning of administrative processes.
